

# 6 Ways to Enjoy the Fall Season

1. You are the keeper of your calendar. Take advantage of the season and all it has to offer, but do it your way. Think about what is best for you and your family. Avoid getting trapped in someone else's to-do list.
2. Be mindful of the changes around you. Fall is the perfect season to take a scenic drive or a walking tour, or hike to see the beauty God created. Outdoor time is the best.
3. Spend time with your family baking a few of your favorite recipes, making a simple craft, or playing games. The key is spending time together.
4. Take part in a fall activity in your community. Look for outdoor Fall Festivals, a Pumpkin Patch, or Corn Maze. Perfect time for a photo opportunity.
5. Find a quiet place in the mornings to enjoy a cup of coffee and prayer time before you start your day.
6. Plan a date night with your sweetheart. Make it simple. Maybe a nice dinner on the patio and a walk. Enjoy the conversation and the cooler weather. Communication is the key.

*Psalm 119:114*
